CRY OF FRAUD

A Charge that 9,000 Votes in Kings County Were Stolen.

Was There a Plet or Is Somebody Bluffing?

Chairman Brice Still Making Big Claims.

But After All the Next President Looks Very Much Like

Connecticut and New Jersey Democratic.

The Latest News from Points Said to Be in Doubt.

BAYS KINGS WAS STOLEN.

It is now claimed by the Democratic State Comtee that gigantic frauds have been perpetrated in Kings County, through which Cleveland's plurality has been reduced between 8,000 and 9,000. The exact way that this has been accomplished has not been made public, but that such is the case

Chairman Murtha, of the Democratic Executive Committee, did not appear at his headquarters in this city to-day, and it was said there that he was

rooklyn investigating the frauds. When the Democratic National Committee issued builetta at 2.30 o'clock this afternoon to the be decided by an official count, and that it would take three days before a positive result could be arrived at, an Evening World reporter called at

It was intimated by a gentleman who seemed to be in authority that the ballot boxes in Kings County would be reopened and an official count made of the ballots contained in them. He also announced that Cleveland's plurality in

this State was between 4,000 and 5,000. The Republicans insist that there are no grounds for accusations of fraud about the Kings County

They say that through a mistake on a bulletin Cleveland's plurality in Kings County was made during the early part of election night to be 19,000, and that this impression was suread over the city. Then the accurate returns came in, showing that

his plurality was less than 19,000. They assert that the cry of fraud is simply the clutching at a straw and won't amount to any-

Chairman Ouay said that he had heard that the Democrats had made an attempt to steal Kings County. '* But they can't do it," he said, grimly.

PLUCKY CHAIRMAN BRICE.

He Seems Determined Not to Give Up the

Pight, Auyhow. A bulletin issued by the Democratic National nmittee this afternoon announces that New York, lilinois, Wisconsin and California are still in doubt. California was ai-most certainly Democratic, while Illinois and Wisconsin were very close indeed. New York was so doubtful that an official count would be necessary to decide its vote, and it would be three days before an official result could be at-

Indiana, Connections and New Jersey the bulletin angounced as surely Democratic. HOW 17 STANDS.

Chairman Brice still refuses to concede the election.

He has not yet conceded even New York. He looks with fond eye on Illinois. But yet there is little reasonable doubt

The Democrats have been claiming filinois as a fortiorn hope.

Hilinois, with its 22 votes, would probably elect Cloveland despite the loss of New York.

The early figures received seem to justify this claim. Cleveland made big gains in Chicago and the northern counties. But this gain has been in a measure offset by losses in the southern counties. There remains only a possibility that the Democrats may still carry the waste.

Missouri has had a peculiar election, St. Louis going Republican. The Democratic State and National tickets, however, are elected.

Connecticut has gone for Cleveland by a small plorality.

New Jersey is solid for Cleveland.

Indiana is still doubtful.

PLUCKY CHAIRMAN BRICK.

**We concede nothing, and from latest returns there is a fair indication that Cleveland has carried New York State.

This is what taey say at National Democratic Headquarters, and it was given out as the official utterance of the National Committee to the crowd of anxious visitors who througed the pariors this morning in search of the latest news.

The statement is based upon the fact that the corrected returns from the interior counties of the State show a larger cutting down of the earlier Harrison gains, and many of the counties whose plurality hadisiready been given purporting to be in full are still found to be incomplete.

Especially is this true, it is claimed, in Kings County, where it is said that there will be a fight before the count is completed.

When it was learned that litinois and Wisconsin might be close States as well as Indiana and Connecticut, telegrams were sent to the Chairmen of the State Committees in each State.

Up to noon to-day only one reply had been received, and that was from Chairman Clinton B. Davis, from Hartford, Conn. It said:

"We are safe after the hardest battle ever fought in this State—400 plurality."

Col. Brice dud not make his appearance at headquarters during the morning, and refused to see any one at his hotel.

any one at his hotel.

QUAY CRIES PRAUD IN ADVANCE.

At Republican headquarters there were very few visitors during the forencon, but all that came there were ready to believe the statements made by members of the Committee that Harrison had swept everything.

Col. Matt Quay made his appearance about 10.30. He looked cross and worried, and when approached by a reporter of The Evenine World, and:

He looked cross and worried, and when approached by a reporter of THE EVENING WORLD, said:

"I can't say anything until it's all over. Of course Harrison is elected, and has undoubtedly carried New York State. I am told that an attempt has been made by the Democrats in Kings County to steal the State, but they can't dout."

In regard to his statement that there has been an aftempt to steal the State in Kings County, Col. Quay said he referred to declored returns which were sent in last night making Civeland's plurality in that county over 19,000. He said that he had received no important news from the West this morning, and declined to answer any more questions.

Mr. De Freest was the only one at the Democratic State Committee rooms. He said:

"We are not in as oad shape as we were on the day after election in 1884. We will concede nothing.

nothing.

"I have wired to every county for revised re-turns. Till I receive them, I shall claim the State. There are errors in the Kings County returns, though how extensive I do not know. The count

will be looked after.		do not know.	1110 000

ILLINOIS A FORLORN HOPE,

Total Electoral votes for Cleveland.... 183

Total Electoral votes for Harrison....

[SPECIAL TO THE EVENING WORLD.] CHICAGO, Nov. 7.—Returns from this State re-ceived after midnight do not bear out the favorland has not maintained the heavy lead he had in all the northern counties. These counties are usually strongly Republican, and Cleveland's sur-prising streng'h among them seemed likely to

prising strength among them seemed likely to give him the State.

But he has lost ground relatively in the Democratic strongholds in the southern part of the State, where he was expected to do the best.

There is no doubt that Harrison has a plurality in the State. The closest estimates put it at 10,000 to 15,000. Returns from the State are few and scattering, however. These figures are only a guess, which may change with fuller information. Some counties have not reported any figures, and in some only three or four precincts have been heard from definitely. Fire has also gained relatively in the southern counties, and is now believed to have a slight lead over Palmer in the State.

gained relatively in the south lead over Palmer in the State.

Chicago, Nov. 7.—9 a. m.—There is no doubt about filinois having gone Republican both for President and Governor.

Chicago, Nov. 7.—The returns from Illinois are meager and scattering, but the best estimates place Harrison's plurality at 20,000 to 38,600.

CONNECTICUT FOR CLEVELAND.

IMPECIAL TO THE EVENING WORLD,]
HARTPORD, COND., Nov. 7.—Connecticut voted for Cleveland by a plurality of 499, with two towns to hear from. If these towns give the same vote as in 1884, Cleveland's plurality will be 855, with Harwinton and Warren to hear from.

The vote 18: Cleveland, 74.11; Harrison, 74.582; Fisk, 3.924; Labor, 180.

The vote of 1855 was: Cleveland, 67, 171; Blaine, 65, 902; St. John, 2.492; Butler, 1.686.

For Governor, with Harwinton, Warren and Somers missing, Morris (Dem.) runs absend of Bulkeley, 1,511, with a Prohibition vote of 4, 689.

The Legislature will be Republican by 30 and will elect Bulkeley. The Republicans have gained two Consressmen, W. K. Simonds (Rep.) over Vance by 825 and Frederick Miles (Rep.) over Vance by 825 and Frederick Miles (Rep.) over W. Seymour by 60. The delegation will be three Republicans and one Democrat.

INDIANA IS IN DOUBT.

Probably the Result Will Not Be Known

Until To-Marrow. inspecial to the Evening world.1
Indianapolis, ind., Nov. 7.—The returns from
this State are very incomplete. There are be-tween 1,700 and 1,800 precincts in this State. Retween 1,700 and 1,800 precincts in this State. Returns from 27s precincts, including Marion County, show a net Democratic gain of 57s. Returns from 500 precincts show a net Republican gain of 3,777.

This, Marion County, nas certainly gone Democratic, the entire ticket being elected by from 500 to 500. It will take the complete voic to determine the result in the State. The Scattage and Secretary Sheerin, of the Rational Democratic Committee, say the State is certainly Democratic, while the Journal and Chairman Heaton of the Republican Committee are as confident that the State is Hopublican. The Jeses, Independent, asys the State is in doubt, but the chances are in favor of the Republicans. The case result will not be known before tomorrow. The exact result will not be known before tomorrow.

INDIAMAPOLIS, Nov. 7,—11 A. M.—The feeling at
this writing is one of uncertainty. Democratic
galus are shown in returns from Marion
county, but some of the strongest Republican
swards shill precincts are yet to hear from.
Both sides claim toe State, but each adont that it
may go either way. The latest reports
show that in 440 out of 1,800 Precincts
in the Mate. Harrison has a net gain of 2000,
important reports are expected every minute
and the excitement on the street is intense. The

Benjamin Harrison will be the next President of the United States.

The Democrats have been claiming filinois as a forliorn hope.

Bilinois, with its 22 votes, would probably elect Cleveland deapite the loss of New York.

The early figures received seem to justify this claim. Cleveland made big gains in Chicago and the northern counties. But this gain has been in a measure offset by losses in the southern counties. There remains only a possibility that the Democratis may still carry the state.

Missouri has had a peculiar election, St. Louis going Republican. The Democratic State and National tickels, however, are elected.

Connecticut has gone for Cleveland.

California is claimed for Cleveland.

CALIFORNIA.

Democrats Positively Claim the State New -San Francisco's Vote.

ISPECIAL TO THE EVENING WORLD.

ISPECIAL TO THE EVENING WORLD.!

SAN FRANCISCO, Cal., Nov. 7.—The returns received from the interior look well for Cleveland. His probable majority in this city is 7,000. The State is now positively claimed by the Democrata. SAN FRANCISCO, Nov. 7.—Indications are that California goes Democratic, but returns not all in. Southern part of State shows Democratic gains where Republicans claimed all new settlers in San Francisco. It is probably a sweep for Cleveland Count is very slow.

Robert Ferrall (Dem.) is probably elected to succeed W. W. Morrow in the Fourth Congressional District, though his majority will not be large. T. J. Clunic (Dem.) will represent the Fifth District, Riggs (Dem.) may be re-elected in the second, but the other districts seem safe for the Republicans. San Francisco, Nov. 7. 11 A. M.—Forty-two precincts in the State of Nevada, out of 173, give Harrison 3,147; Cleveland, 2,534.

Three of the precincts given are incomplete, and give count only up to 2 A. M.

Forty-two precincts above named in 1834 gave Blaine, 3,166; Cleveland, 2,534.

WHAT THE RETURNS RECEIVED SHOW.

on the Presidential Vote in Thi

State Carefully Summarized. THE EVENING WORLD has received complete re turns from thirty-seven of the sixty countles in New York State, exclusive of New York and Kings. These counties give Harrison a net plu-

rainty of 58,070 and show a Republican gain of 18,047 over Blaine's vote in 1881. The counties yet to hear from (among them Al-bany) gave Blaine in 1884 a plurality of 18,280. Should Gen, Harrison do no more than maintain the vote of 1884 his piurality outside of New York and Kings will be 76,880. According to the returns now given in Kings Cleveland has a piurality of 11, 557 and New York County has given him

Thus it will be seen that the Republicans will come to Harlem Bridge with 76,350 (allowing no gains for Harrison in counties not yet reported), and that Kings and New York counties, according

and that Kings and New York counties, according to the present returns, give Cleveland 68, 612, showing a plurality in New York State for Harrison of 7, 738.

The figures which have been given in the papers generally for the outstanding twenty-one counties have been merely estimates. In this table Tan Evening Would omits all estimates and publishes only actual returns.

TAMMANY'S DAY.

A Clean Sweep of the Whole of New York County.

Grant's Plurality Over Hewitt Reaches 48,207.

The Latest Returns Put Hewitt Close to Third in the Race.

Tammany Hall sachems and warriors are shak ing hands with themselves to-day. They are unsut nous in their joy over their remarkable victory. Says a sachem: ''The Countles, when asked the other day what they would do If Hewitt were defeated, replied, 'Ob, we have the patronage of gone now, and Hewitt is in the soup, "What will poor Robin do then?"

The Democrats of this city elected a solid delepation to the Fifty-first Congress. That was glory, but Tammany succeeded in gaining a victory for her own candidates for Congress wherever they had had one. And that was a greater glory.

but Tammany succeeded in gaining a victory for her own candidates for Congress wherever they had had one. And that was a greater glory.

They whipped the Counties and they walloped the Republicans in every contest.

What wonder, then, that in the lobby of the Fourieenth street wigwam this morning they grasped hands in a circle and executed a war dance? A dance of joy, despite the National defeat which they had fought manfully to avert.

The best part of the whole event of election in the hearts of the braves is that despite the 3ght to the death between them and the Counties there is to be found in the returns no indication of systematic tradiag.

Lest night at Tammany Hall, while 4,000 men were yelling themselves hoarse and ladies were waving bandannas from the galleries on either side as the early and favorable returns came in, Tammany shook hands with herself.

There was oratory and the fourlsh of trumpets, for old Tammany had a right to expect that the Democrate in Kings County and the up country had done as she had done.

But when the reports began to indicate that the farmers were cutting out the Democrate gains of the cities the venerable Gen. John Cochrane gave his benediction to the refaring congregation and the hall was shut up.

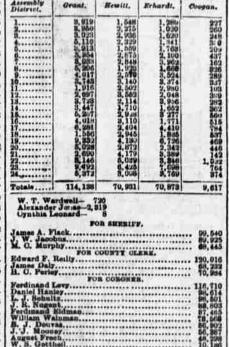

It was a bold stroke, that of putting into the field the very incarnation of Tammany, Hugh J. Grant, in the face of a people's nomination, But that gives the victory of yesteriay an especial davor, and must carry to the hearts of the clique who, got up that Croper Union "spontaneity" a pang not at all agreeable.

And what of Col. James J. Coogan, of the Bowert, Third avenue and Mott Haven?

His votes, uit, in a poll of 36, 559. He expected not less than 90,000.

The vote in the Mayoraty contest presents an interesting study. Grant received 114, 138; Erharot was third with 70,873; and Father Abram won second place by 70,91; Wardwell, 730; and Cynnis Leonard got 8. There are twenty-nine election districts missing.

Col. Lamont spoke in his usual quiet manner and seemed to be unrumed by the result, which, of course, must be a great disappointment to him, although it was well understood that he did not expect to remain in his present place if Cieveland was re-elected.

RICHMOND, Va., Nov. 7. —Unofficial returns up to RICHMOND, Ya., Nov. i.—Unomical returns up to 6.30 o'clock, this morning from forty-five counties and eleven cities in the State show Democratic losses of 5.760 and gains of 3.544, as compared with the vote of 1884; when Cleveland carried the State by 6.003 majority.

The remaining counties to hear from there is good reason to believe will be more favorable to the Democrata, but even should the same ratio of the loss and rain be observed, Cleveland would still carry the State.

Why Did You Defeat Cleveland?

The Democratic Ticket Beaten Over the Big Bridge.

This Is the Notable Feature of the Situation.

What Boss McLaughlin Has to Say About It.

As the smoke of the contest clears away, it is plain that Kings County is largely responsible for Cleveland's defeat. Had Kings County stood shoulder to shoulder with New York County Cleveland would have been

Had Kings merely held its own with 1884, Harris son's margin would have been extremely narrow, if any had been left him.

In 1884 Kings gave Cleveland 15,729 plurality In 1888 Kings gave aim only about 11, 357 pluras ity, a loss of 4,372 votes.

An Evenino World reporter found Boss mos Laughlin at his handsome residence, No. 165 Remach across.

He had just arisen and got downstairs to breakfast. He was scated alone at the head of thetable when the reporter was admitted. He was
evidently in a bad humor. A frown marred the
usually pleasant appearance of his ruddy features.

"I would like to know how you account for the
heavy loss to the Democracy in kings?" said the
reporter.

"I have no opinion to express and so will earpress none."

The old man sighed, and it was evident that he at least was disappointed in the result.

Ar. James Dunn, the keeper of the City Hall, and, a prominent politician, said:

"I attribute the falling off to an organized movement among the stepublicans to buy up all the voice they could get, and the sacrificing off cleveland in many of the county townships for the sake of the local ticket.

"This is illustrated in the vote cast in Gravesedd, a formerly strong Democratic town which
gave Cleveland a majority last time. Look at the
figures this morning, which give 834 for Harrison
and only 382 for Cleveland. Think of that, in John
Y. McKane's district, too.

"If you compare the ward votes with those of
last time, you will find, with few exceptions, that
there is a slight falling off in each. It is an easy
matter to buy a few votes in each ward, and the
combined number will help decrease the plorality.

Sixth Ward that was surrounded by ten heelers
whom I know positively to be Democrats, but
were hired to vote the Republican ticket and persuade their friends to the same course.

Managing Editor Effry of the Standard-Union
said that Cleveland's low vote was due to the fear
in this manufactoring city that alls party, if successful, would force free trade.

Editor Bernard Peters, of the Brooklyn Times,
said: "I am of the opision that in Kings County
there was a caimer and a more thorough discussion
of the main issue, the Tariff, and that fewer side
issues and diverting accucies were at work to
divert the misds of voters. Besides, Brooklyn is
made up largely of an intelligent middle class who,
on National issues, are suit to go Republican in
their sympathies and tendencies.

"There was a decided movement in this city in favor of Cleveland's four years ago.

"Cleveland's inconsistency on the question of a second term, his change of front on the question of free trade and his inconsistent pourse on Civil Service produced a reaction and lost him many votes in this county."
